VERO BEACH — Jose Gibert, the Vero Beach girls soccer coach, challenged freshman forward Alana Hockenhull to take more shots this season after seeing how unselfish she was while playing with her club team.

Hockenhull took the challenge to heart and surpassed expectations while still finding a way to help her teammates score, too.

Marked with the task of helping fill the void of key players lost to graduation from Vero Beach's 2011 state-runner up squad, Hockenhull set a school record with 45 goals in a 16-4-1 season.

She also had 11 assists for the area's lone regional semifinalist team and was named the Scripps Treasure Coast Newspapers All-Area Girls Soccer Player of the Year.

"When I saw her play club, I thought she was a little too unselfish and I told her she needed to be more selfish and score more goals," Gibert said. "I knew she had the potential, so when she came to high school those were my directions to her: she needed to be selfish with

Player of the Year

**Alana Hockenhull**  
**Vero Beach freshman forward**  
**Stats:** 45 goals, 11 assists; nine hat tricks, including one in the regional semifinals to send the game to overtime.  
**Coach Jose Gibert:** "Alana is a true finisher. She has outstanding breakaway speed, makes creative runs and finds the back of the net with her right or left foot. She is a coachable player who exceeded my expectations with a phenomenal record-setting year."

the ball and score.

"What I found was she was still unselfish. She still had 11 assists. It's remarkable for a young player like that to be able to produce and put the ball in the back of the net and still give the ball to her teammates to score."

Hockenhull set out to break Lauriell Young's scoring total from last year and was surprised to accomplish that goal so quickly. Having already met her personal goal, she set a new one to get the school record of 44 goals and broke it in the final game with a hat trick. Her third goal sent the game to overtime, but Vero Beach lost to Apopka 4-3 on penalty kicks.

"(The school record) was something I wanted to do at least in one of my years, but I didn't think it would be my freshman

year," Hockenhull said. "I just wanted to beat Lauriell's total. Once I got there, I set the goal of beating the school record. I was surprised I could do it, but it was really exciting."

Hockenhull was admittedly nervous at the beginning of the season knowing she was facing more experienced players, but said she "just had to adapt." She said she grew more comfortable with her role on the team as the season progressed.

"There are people that can score goals, but Alana is a girl that can really finish," Gibert said. "She finishes with her right foot and her left foot, with the inside and outside of her foot. She has a sense for the back of the net. Speed is involved, but the quality of the finishing, even at acute angles, was incredible."

Coach of the Year

**Josh Moberg**  
**School:** Martin County, seventh year  
**This season:** Led the Tigers to a district title and a 16-5-1 finish despite a young team. It was a big improvement over last year's 10-11-1 finish, and the defense was

especially impressive, allowing just 10 goals in 22 games.

**Coach's quote:** "Coach (Bruce) Gowan and I implemented a new formation this year and the girls took ownership of it. ... The defense was outstanding all season and our

seniors did a fantastic job of leading a young team. We have had some talented squads during my tenure as the girls soccer coach at Martin County High School, but none of them believed in 'family first' the way these girls did."
